# Company Overview

Globe Constructors Limited LLC (GCL) is head quartered in Sharjah, UAE. The company was founded in 1989 by the Decree of the Ruler of Sharjah and Member of the Federal Supreme Council, His Highness Sheikh Sultan bin Mohammed Al Qasimi.

Commencing activities in the mid 1970's under the banner of Constructors Group International (CGI), Globe Constructors limited has worked on a wide range of landmark projects, with its history well embedded in the development and growth of Sharjah.

Globe Constructors Limited is a pioneer in construction activities and has managed and delivered a diverse range of commercial, residential and infrastructure related projects. GCL is well known for its notable projects, such as the Ruler of Sharjah's main palace residence, King Faisal Mosque, Sharjah Secretariat, Sharjah Municipality HQ building amongst many others.

We at GCL would like to express our gratitude to His Highness Sheikh Sultan bin Mohammed Al Qasimi and all those who have contributed to its success and looks forward towards building a better future and a greater Vision of Sharjah.

## Managing Director's Message

Over the past three decades it has been my pleasure to serve and be part of the ever changing landscape of Sharjah. From our modest beginning in 1986, we have continuously grown and today we stand as a grade 1, unlimited-licensed company, having delivered several prestigious and iconic projects.

As the head and founding member of GCL one of my paramount objective is to deliver to our clients the best of quality, while being cost effective with our pricing. Our success and work is built on the foundations of integrity, honesty, exceptional quality, safety and well being of our clients and employees.

At GCL we are committed to protecting our environment and I am pleased to say that we have taken several initiatives towards recycling, waste reduction, energy and water conservation at our sites and camps.

We are continuously striving to better ourselves and the "can-do" attitude of our team combined with the uncompromised quality of our work allows us to create new and sustainable competitive advantages while setting new milestones in this ever changing and challenging industry. - Muhammed Abdul Haq Musa

## Executive Director

Mr. Abdul M. Muttaqi is one of the senior most resource and part of the strategic and technical committee of GCL. He comes with a rich array of experience of being involved in multitude of complex projects in Pakistan , the Kingdom of Saudi Arabia, the United Arab Emirates and other Gulf nations.

His experience includes managing and spearheading key commercial projects both within the government and private sector including airport related infrastructure, shipping terminals, ware houses, major factories, roads , bridges, commercial offices and residential-townships.

Mr. Muttaqi has been well recognized for his services and has been a mentor for many with in the industry. Amongst his many achievements he is also the founding member of the Pakistan Association of Quantity Surveyors.

## Chief Executive Officer

Ms. Nadia Haq spearheads all of GLC's functional lines, including customer relations, business development as well as strategic planning and implementation.

She has received her early education and professional qualifications in Canada. Her previous work experience includes being involved with some of Canada's most prestigious financial institutions and she has also managed construction and real-estate related portfolios and investments.

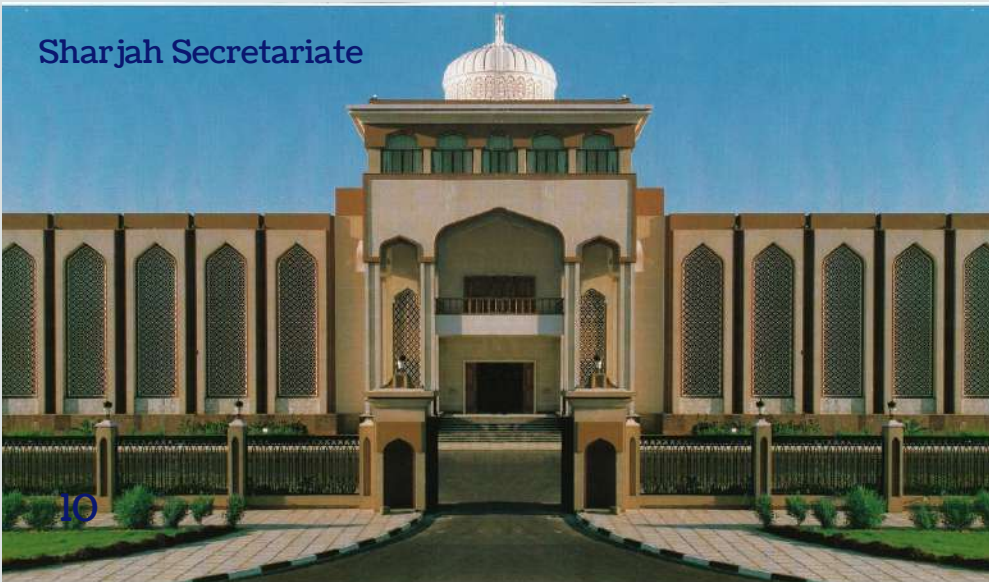

Since joining GCL Ms. Haq has implemented many initiatives, in order to increase efficiency at project sites by further enhancing the Company's technical and professional capacity. In addition she has also implemented new measures towards increasing overall employee welfare , safety and training.

She is a keen believer in running the company in a sustainable manner by introducing green initiatives in order to reduce the overall environmental impact on GCL's construction sites and to lead the company towards its social commitment of creating a sustainable environment.

## Mission

At GCL, we strive to be the "Contractor of Choice" and pledge to fulfill all our contractual obligations with utmost dedication, integrity and hard work. We are a "client-centric" organization with our primary objective being, the delivery of high quality projects, while ensuring safety, efficiency, transparency and professionalism.

Sharjah Academy of

## Vision

To be the "Preferred Premium Contractor of Choice" and to constantly deliver excellence to our clients and build satisfying careers for our people and to make a positive difference to our community while earning a fair return on the value we deliver.

## Values

**Integrity & Honesty** – We adhere to a strict code of conduct and ensure that all our employees, subcontractors, suppliers and other related associates adhere to these standards.

**Reliability & Commitment** - We have the required controls in place and closely monitor every stage of our projects. We are committed to working diligently regardless of the challenges and obstacles while maintaining excellence in quality, ensuring timely completion of the project and maintaining client satisfaction.

**Development & Advancement** - We aim to continually develop and improve our standards and systems in order to deliver high quality built projects. We will sustain long term business success by encouraging more ethical and effective relationships and stimulating deeper contributions in the communities where we operate.

## Health, Safety & Environment

We are committed to the health and safety of all our employees and we strive to achieve an incident and injury free environment through out GCL.

We promote a culture where our managers and our professionally qualified and dedicated staff lead by example and demonstrate personal leadership in health, safety and environment.

We have the required controls in place and ensure that incidents if any are transparently investigated and reported to prevent reoccurrences.

We engage in many specialized trainings, awareness sessions, toolbox talks and provide safety information notifications to promote the required HSE culture throughout the company.

We actively work to ensure our construction activities are conducted in an environmentally conscious manner and aim to minimize the negative impacts of our operations by implementing sustainable practices.

## Social Responsibility

We at GCL are committed to continuously promoting positive social and environmental changes and to operate our business in an ethical and responsible manner.

We are an equal opportunity employer, with a diverse workforce and believe in protecting the civil rights of our employees by ensuring non-discrimination, respect for diversity, promoting a safe and healthy environment and facilitating communication with the workforce. Our employees are treated, and are expected to treat others, with respect, tolerance, dignity and without prejudice, to create a mutually respectful and positive working environment. We have a zero tolerance policy on harrassment and bullying.

We have and continue to provide adequate welfare facilities for our employees and are focusing our efforts to more effectively align with international human rights frameworks. We are actively promoting a healthier and safer environment for our workers, which will further improve project delivery and quality for customers.

# Personnel

Our people are the foundation of our success, reputation and future; therefore we at GCL are committed to providing training and development for every employee to enhance their skills and knowledge which will in turn enable them to meet and exceed our clients expectations.

We at GCL aspire to be the employer of choice in our industry. by actively building a diverse, inclusive, and collaborative work environment where all views are welcomed, openness is encouraged, and teamwork and merit are the cornerstones.

We encourage teamwork and have appreciation systems in place which encourage our workforce to engage and interact with their colleagues, supervisors, and management alike so that they can learn from one another through exploring different ways and methods of learning, working, sharing best practices and innovation.

At GCL not only do we recruit and retain qualified individuals but we cross-train them as well which helps us achieve operational readiness while promoting teamwork and better coordination amongst our employees across all the departments. Cross-training offers a unique learning and professional development opportunity to the employee which increases their knowledge, skills, work performance and prevents stagnation.

Al Majaz Park Monument

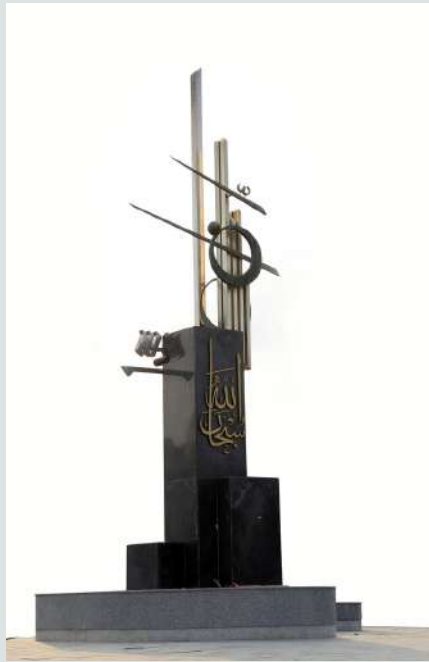

# Sustainability

At GCL we recognize the importance of green building standards and are actively trying to integrate these standards into our projects. We are focused on enhancing employee understanding of environmental sustainability, through stimulating cultural change and providing clear direction and expectations.

We have adopted strict employee health, safety and environmental policies and we actively promote employee rights and environmental protection standards. We have implemented on all our sites systems of waste management to reduce and recycle waste.

We believe that by making a careful choice of materials and the consumption of resources, the negative impact on the environment and health can be reduced significantly .

We believe that sustainability is not just about reducing our impact on the environment, it's also about making a positive difference to the people in our communities by giving back to the society.
